

# FREE MONTHLY FINANCIAL WORKSHOPS

- UNDERSTANDING YOUR CREDIT
- GETTING A HANDLE ON YOUR DEBT
- BUILDING YOUR SAVINGS

**SAVINGS** | We all know the importance of having some savings. However, modern life is expensive, and finding money to save can seem out of reach. If having savings is something you want to achieve, you might just need some straightforward tips and resources to grow your savings.

**CREDIT** | Credit scores are an integral part of our financial lives that determine loans you can get, properties you can rent, cell phone plans, the interest rates you pay and more. It pays to keep track of yours and understand how your actions affect the numbers. Receive unbiased tips on improving your score, disputing errors on your report, and monitoring your credit.

**DEBT** | Life happens. We all face emergencies and sometimes we slip into debt over time as we try to get by. If your balances are higher than you'd like or if you've been making payments without seeing much progress, you might have a debt monster and need some resources for dealing with debt.

**LUNCH** will be provided for every session.

**\$50 GIFT CARD** for every neighbor who completes all 3 sessions and one-on-one financial counseling in 2023.

*\*Seating is limited and registration is required.*
